## WARNING FROM SAN FRANCISCO

In view of the deplorable condition now existing in San Francisco, the Executive Board of the Women's Christian Temperance Union of Northern California begs to make the following statements:

1. There are at the present time hundreds of girls and women looking for employment, who can find none. Many of these girls and women are destitute, strangers in a strange city, having come to San Francisco with barely sufficient to pay their board and lodging for a few days.

2. Every day adds to the number of unemployed, and the conditions are growing constantly more serious. The Exposition authorities have ten applications for every position they have to fill.

3. The unemployed are from all grades and classes.

We are asked that these statements be given all possible publicity in the Union Signal and State W. C. T. U. papers generally throughout the country.

We also appeal for co-operation from all who read this article to assist in securing the desired publicity for this warning.

In view of the foregoing, the Executive Board of the California Temperance Union wishes to advise strongly that no girl or woman come to San Francisco looking for employment, unless she has with her sufficient means to pay her living expenses while looking for work, and pay her return traveling expenses should suitable work not be found.

Long ago folks began to wish they had something new to eat—

And now—  
Along comes

**Krumbles**

A new food, a new flavor and a daintiness all its own.

KRUMBLES is made entirely of *Wheat*—the whole of the wheat berry—granulated, cooked and delicately toasted.

It's a new idea—a new *method* originated by W. K. Kellogg, of Battle Creek. The equipment is *patented*.

There can be no imitation of KRUMBLES. Every package of KRUMBLES is sure to be Kellogg's. You will find the signature "W. K. Kellogg" on the package, just as you do on Kellogg's Toasted Corn Flakes.

And the package is the famous damp-proof, air-proof Kellogg's "Waxtite" package.

Serve KRUMBLES all around to the folks at breakfast.

Pour a little cream or milk over it. KRUMBLES has a fine natural sweetness of its own, and the more you chew it the better it tastes.

At your Grocer's—

**10 cents the package**

**Vinol**

**Will Build You Up and Make You Strong**

Old people, tired, weak, run down people, delicate children, frail mothers, and those recovering from severe illness, this is a fact.

Thousands of genuine testimonials from reliable people prove this claim, and to further support the fact and prove our faith in what we say, we unhesitatingly declare that any one who will try a bottle of VINOL will have their money returned without question if they are not satisfied that it did them good.
